

Did you lose your home or apartment in the recent tornado?

You may be eligible to purchase a new home with no money down.

If your home or apartment sustained physical damage and is located within a Presidentially Declared Major Disaster Area you may qualify for relief. With the Federal Housing Administration (FHA) 203(h) program, people who need to replace their homes destroyed by a natural disaster may qualify for a FHA insured loan to purchase a new residence.*

Key Features

Purchase transactions only
