SOUTH
CENTRAL
BANK
FIFTY YEARS

The Small Business Administration was designed to help America's small businesses secure funding needed to operate and grow. A primary way the SBA does this is through the SBA loan program, which extends guaranteed financing to small businesses through participating lenders.

South Central Bank is one of the top SBA lenders in Kentucky. SBA loans have low rates and long terms, making them a desirable option for small business owners.

Loan Programs:

SBA 7(a)

SBA 504
